Lt. Joseph P. DiBernardo **MEMORIAL SEMINAR**

NOVEMBER 3-4, 2018 ★ LONG ISLAND, NEW YORK

Keynote Speaker: U.S. Navy Seal Ryan "Birdman" Parrott

Ryan is an author, public speaker, and founder of two non-profits benefiting veterans and first responders is originally from Detroit, Michigan. He enlisted in the Navy after watching the Twin Towers fall on 9/11. Parrott served eight years as a U.S. Navy SEAL attached to Team SEVEN, completing three combat tours to Iraq before being assigned to Advanced Training Command as an Instructor.

Classroom Training

RIT Gone Wrong

Battalion Chief John Salka, FDNY (Retired)

Rapid Intervention Teams (RIT) require a specific set of skills. Successful Rapid Intervention Teams and incident commanders must master specific tactics including: changing channels for RIT, using the LUNAR acronym, RIT staffing, and using the "mayday" properly on the radio. Chief Salka will discuss issues that have a negative impact on RIT.

It's All About Leadership

Chief Dennis Rubin & Chief Robert Fling

Success is "Always About Leadership." Chief Dennis Rubin and Chief Rob Fling have developed 13 mission-critical "Rules To Live By" and will present them in an open, honest, and humorous way. Students will learn how they can adopt and implement these rules with these own leadership style.

Engine Operations in the Modern Fire Environment

FDNY Lieutenant Ray McCormack

Enhance your extinguishment culture and improve the safety of civilians and fellow firefighters by being on top of your game. Learn how to locate, confine, and extinguish fires in private houses, apartments, and commercial occupancies. Topics include: hose stretches, fire attack, leadership, size up, positions on the attack line, nozzle technique, aggressive tactics, standpipe operations, hoseline choices, engine company emergencies, the impact of the UL studies, and more.
